

NUTRITION SCIENCE
School of Exercise and Nutritional Sciences
VPAA #2011/12- C

**SAN DIEGO STATE
UNIVERSITY**

POSITION: Assistant Professor, tenure-track opening in nutrition science beginning August, 2011.

RESPONSIBILITIES:

Teach undergraduate and graduate courses in nutrition science and related areas that may include community nutrition, medical nutrition therapy, advanced nutrition, or exercise, nutrition and aging. Engage in research leading to peer-reviewed publications. Seek external funding to support and promote research. Advance an independent line of research that complements the work of current faculty and blends both nutrition and exercise science. Mentor and supervise graduate and undergraduate students in laboratory-based experiences. Participate in the development of academic programs to include new graduate and undergraduate courses that integrate exercise and nutritional sciences. Engage in university, community, and professional service.

QUALIFICATIONS: Earned doctorate in nutrition or closely related area required. Research interests focused on prevention and/or treatment of chronic diseases (e.g., obesity, cancer, heart disease, diabetes, osteoporosis). Preference will be given to candidates whose work integrates both diet and exercise. Capacity for success in obtaining external grants. Commitment to working in a multicultural environment with students from a diverse student body.

SALARY: Commensurate with credentials and experience.

ADDITIONAL INFORMATION: The School of Exercise and Nutritional Sciences has 18 full-time faculty, 20 part-time faculty, 5.6 support staff, and 1350 undergraduate Kinesiology majors, 300 undergraduate Foods and Nutrition majors, and 110 graduate students. The School is in the College of Professional Studies and Fine Arts, one of seven colleges at San Diego State University. The School offers a bachelor's degree in Kinesiology, with emphases in Pre-Physical Therapy, Athletic Training, pedagogy, and Fitness, Nutrition and Health; a bachelor's degree in Foods and Nutrition; and master's degrees in Kinesiology (including a specialization in Rehabilitation Science), Exercise Physiology, and Nutritional Sciences. San Diego State (www.sdsu.edu) has an enrollment of 33,790 students. For additional information visit the websites of the School (ens.sdsu.edu) and University.

APPLICATIONS: Applications will be accepted until the position is filled. Review of materials will begin on October 1, 2010. Candidates should submit a letter of application addressing responsibilities and qualifications listed above, detailed curriculum vitae, and three letters of recommendation to:
