

AGING & CHRONIC DISEASE

ASN Aging & Chronic Disease RIS Newsletter

July 2016

Recap of EB 2016

Experimental Biology 2016 marked ASN's 80th Scientific sessions and annual meeting! It was great to see so many ACD RIS members in attendance.

Congratulations

ASN's Emerging Leaders in Nutrition Science Poster Competition featured eighteen graduate students and six postdoctoral fellows from the ACD RIS. The judges selected five winners to earn travel stipends.

Congratulations to our student and postdoc winners!

- **Ruiqi Li** (University of Florida)
- **Lauren O'Connor** (Purdue University)
- **Marta Zamroziewicz** (University of Illinois at Urbana-Champaign)
- **Annie Roe, PhD** (University of Idaho)
- **Pauline Leveille, PhD** (University of Sherbrooke)

Business

Our annual business meeting featured Past Chair, **Christy Tangney, PhD**, a professor in the Department of Clinical Nutrition at Rush University Medical Center. She presented on the benefits of using REDCap (Research Electronic Data Capture), a web application for building and managing online surveys and databases. Information about REDCap can be found at <http://projectredcap.org/> and <https://youtu.be/dr0f3YkDwtU>.

Feedback

We are looking for feedback on our events at EB 2016 in San Diego. Please let us know what you thought about the business meeting and breakfast, so we can improve our events for next year! Take a moment to complete this short survey: www.surveymonkey.com/r/JCK39Q6 Send additional feedback to: c.sceppa@neu.edu

Social Media

This year, the Aging and Chronic Disease RIS developing its online presence through various social media platforms. Come join us on:

Announcements

Postdoctoral Research Fellowship in Clinical Nutrition and Aging

Duke University Center for Aging and Human Development

Accepting applications now through Aug. 31, 2016

The Research Training Program at Duke has been supported by the National Institute on Aging for over 40 years. Much of the training is provided by a faculty mentor in a research apprenticeship program. A fellow carries out his/her own research as a junior colleague in the mentor's research program or laboratory.

Dr. Connie Bales, as faculty mentor, is seeking a candidate fellow to apply for this outstanding opportunity. If interested, contact Dr. Bales:

bales001@mc.duke.edu

Do you have an announcement you would like included in the next newsletter and/or listserv? Please let us know! Send announcements to: c.sceppa@neu.edu

Upcoming Events

Short Course: Strengthening Causal Inference in Behavioral Obesity, Research

July 25-29

University of Alabama at Birmingham

http://www.soph.uab.edu/energetics/causal_inference_shortcourse/second

Food & Nutrition Conference & Expo

October 15-18, 2016

Boston, MA

<http://www.eatrightfnce.org/FNCE/>

American Institute for Cancer Research

November 14-16, 2016

North Bethesda, MD

<http://www.aicr.org/cancer-research/conference/>

AICR 2016 Research Conference on Nutrition, Physical Activity, Obesity, and Cancer.

November 14-16

North Bethesda, MD

<http://www.aicr.org/cancer-research/conference/>

Gerontological Society of America

November 16-20

New Orleans, LA

American Society for Nutrition

Excellence in Nutrition Research and Practice

Member Spotlight

Andrea Hutchins, PhD, RD and 2016-2017 Chair-Elect
Associate Professor of Health Sciences, **University of Colorado, Colorado Springs**

Dr. Hutchins' research focuses on the applied aspects of human nutrition by exploring the relationship between functional foods such as legumes, soy, walnuts, and flax, and optimal health as well as chronic disease risk (e.g., reduction of risk for hypertension, heart disease, diabetes mellitus, obesity). She teaches in the department's Didactic Program in Dietetics, focusing on courses in pathophysiology, nutrition assessment and medical nutrition therapy. She has recently become involved with the college's simulation center and is investigating the role of simulation in nutrition education. Dr. Hutchins received her BS in Dietetics from Kansas State University (1989) and her MS (1994) and PhD (1999) in Nutrition from the University of Minnesota. She was at Arizona State University (2001-2006) prior to joining the University of Colorado - Colorado Springs in 2006. She served as Chair of the Department of Health Sciences from 2011-2014.
